Our New Team Member

Sparkle Services is proud to welcome our newest team member, Sean. He comes to us with invaluable experience in facility repairs and exudes the type of positive attitude that Sparkle expects from all of its team members. Welcome Sean!

Allied Rehabilitation Center Visits Sparkle Services

On October 28th a group from Allied came to visit our facility to understand how our company operates and to learn more about their future career options. We were able to show them what our company does, how we train our employees, our goals and values and answer questions they had as well. We feel it was a great experience for them as well as it was for us. We hope they will visit us again in the future.

The Sparkler
