

The Sparkler

Volume 8-Winter Issue

We are proud to announce that Nick Deni of The Jarrett Agency has been awarded our vendor of the year for 2009 from over 50 of our vendors! The Jarrett Agency has been providing personal and business insurance since 1918. They have provided our vehicle, business, group medical, and bonding insurance needs for over twenty years.

The hard work, diligence and attention to detail that Nick has provided Sparkle Services Inc. earned The Jarrett Agency this year's award. Nick goes above and beyond the call of duty! He has never failed us in the twenty years that he has served us, always being right there when we needed him. Sparkle Services serves many national and international companies that require immediate attention to bonding, coverage levels and expedited insurance certificates; Nick and his staff have provided this exceptionally well, helping us retain our customers. The Jarrett Agency can be reached at www.jarrettagency.com.

Jennifer Wood presents Nick Deni with 'Vendor of the Year' Certificate

Welcome, our newest
customer...

Germ Tip!

People often joke about using the 5-second rule. Note to self: Don't do it! If food is dropped on the floor for even 1 second, a good amount of bacteria can get onto that item such as salmonella and E.coli.

The Sparkler

A warm welcome to Georgina Chartier, the newest member of our Sparkle Family. Gina will be working in sales!!!

Just a few reasons why our customers choose us...
